THE BENEFITS

NEPO211 Civil Engineering & Infrastructure Works offers public sector buyers the following benefits:

- You can **call off direct with the supplier**, removing the need to conduct full tender exercises or lengthy supplier evaluations each time you have a requirement, saving time and cost
- There is the opportunity to **conduct a mini competition** if there is a requirement over and above what is provided by the standard framework terms
- The contractors have completed **health and safety and insurance checks**
- **Pre-agreed rates, terms and conditions, and safeguards** underpin all contracts placed under the framework
- **Support and guidance** available from NEPO
