

# AN INTRODUCTION TO: NEPO233 RETROFIT AND DECARBONISATION WORKS

## OUR PURPOSE

**Collaboration is at the heart of everything that NEPO does.**

Our procurement solutions are the result of consultation with the public sector, suppliers and end users, so that we deliver positive outcomes for the communities we serve.

We offer a wide range of solutions which cover categories such as Construction, Energy, Fleet and Professional Services. Our portfolio of over 70 solutions is available for use by any public sector body across the UK via our free associate membership scheme.

## OVERVIEW

NEPO233 Retrofit and Decarbonisation Works solution is a multi-Lot, multi-Supplier Framework Agreement to provide retrofit & decarbonisation works, please see Lot descriptions below.

## BENEFITS

- Solution provides a choice of suppliers across each lot.
- Ability to direct award.
- Ability to undertake further competitions.
- Option to use NEC/JCT Form of Contract.
- Fully Compliant route to market.
- Non-Domestic and Domestic works across all applicable lots.
- Suppliers monitored by NEPO via regular contract management.
