

AN INTRODUCTION TO: NEPO225 TRAFFIC MANAGEMENT SERVICES

OUR PURPOSE

Collaboration is at the heart of everything that NEPO does.

Our procurement solutions are the result of consultation with the public sector, suppliers and end users, so that we deliver positive outcomes for the communities we serve.

We offer a wide range of solutions which cover categories such as Construction, Energy, Fleet and Professional Services. Our portfolio of over 70 solutions is available for use by any public sector body across the UK via our free associate membership scheme.

OVERVIEW

NEPO225 Traffic Management Services is a regional solution for the provision of Traffic Management Services. It is available for use by North East Associate Members/Member Authorities.

The lots have been split sub-regionally to encourage participation from local SME's and provide Contracting Authorities with choice.

We have also built in maximum flexibility with both direct award and further competition options.

Traffic Management Services can include requirements such as:

- Setting up, maintaining and removing traffic management as specified by each Order, including provision of all signage and all associated equipment
- Temporary traffic signals
- Temporary lane closures
- Planned road closures
- Temporary road closure with fully signed diversionary route
- Mobile lane closures
- Provide 24hr emergency call out
- Manufacture and supply of temporary works information boards
- Traffic Management Events

Start date:

14 July 2023

End date:

16 July 2027

Available for use by:

North East Associate
Members and Member
Authorities

BENEFITS

Suppliers have been pre-assessed for their experience, technical and professional ability, giving you the confidence to procure with no further vetting.

Our team are always on hand to give advice and guidance throughout the procurement process.

Public sector buyers can appoint suppliers via:
